

# L'amore di Giulietta

## Chardonnay

**Varietal** - Chardonnay

**Region** - Italy

**History** - In keeping with the theme of the label on the bottle, this is a love story. It is a love story based on one of the most famous characters in literature: Giulia – better known as Juliet to English readers. The story begins in the vineyards of northern Italy, primarily in the region known as the Veneto, where an array of grape varieties are grown. Well-tended vines are selected to provide the fruit for the cuvee, which includes Sangiovese and Merlot, along with dollops of Corvina, Molinara and Rondinella. When blended in appropriate proportions, these varieties create a wine that is easy to love.

**Alc. Vol.** - 12.5%
